Building Dreams in Fairfield**
Your Gift Matched Dollar-for-Dollar!

The first homes completed in Fairfield

Habitat for Humanity of Coastal Fairfield County is pleased to have completed the first phase of our affordable housing efforts in the Town of Fairfield with the dedication of four homes on Greenfield Street in July 2025.

We need **your help** to continue to make dreams a reality. This spring, we will begin work on four new affordable homes on Quincy Street—representing our continued partnership with the Town of Fairfield.

An anonymous **Fairfield family** is offering a **dollar-for-dollar match for donations up to \$200,000! Help Habitat CFC raise at least \$200,000 by January 15, 2026** so we will receive the match and can start to construct the new homes on Quincy Street in Fairfield, Connecticut.

Meet the New Habitat CFC Homeowners on Greenfield Street

Silvia, Nelson and their children are in the process of moving into the new home they are buying from Habitat with a 30-year interest free mortgage. Silvia and Nelson are overjoyed to partner with Habitat and finally achieve something they've long dreamed of—owning their own home! Years of tight living conditions have left the family eager for more space and now they are looking forward to stability, peace, and a place to call their own.

We can do this again on Quincy Street!

Four more families will have the same opportunity to own a new energy-efficient home, if we meet our match and raise enough funds, then the construction can begin this spring.

We are incredibly excited that four **more** families will be able to achieve their dream of homeownership in Fairfield! **Please donate today!**

Your gift must be made by January 15, 2026 for it to be matched.

“ This opportunity means so much to us—we finally have a home we can afford and make memories in.”

— Silvia Melendez, New Homeowner
